Metrominuto Tour and Maps; Genoa: The Metrominuto Tour produces many positive effects: for the environment, health and mood, it reduces the costs of travel and offers opportunities for meeting and socialising in public spaces. Metrominuto Genova is a map like that of public transport designed for pedestrian routes, in which the most significant places are represented as stops on various pedestrian lines connected in a network, which will show you how convenient it is to leave your vehicle at home to reach walk to your destinations, without having to worry about traffic and parking, enjoying the beauty of the city.

Rollindagando (Cultural Mapping of the Old Town); Genoa: Under the city's Digitalisation initiative, Genoa has also created Rollindagando; a database of information relating to the Cultural Mapping of the Old Town. The database includes every single building in Genoa (Rolli's Palaces included) starting from their Prevailing/Antique era from the 12th to the 20th century. To update the database, the 2020 the Rollindagando project was conducted in collaboration with University of Genova and performs a new survey in relation to the state of conservation and the interventions carried out over the past 20 years in the Perimeter of UNESCO recognition.

Smart App for infos to the Historical Unesco Park; Pafos: The Archaeological Park of Kato Pafos is one of the most important archaeological sites in Cyprus and has been included in the UNESCO's World Heritage List since 1980. To ensure that residents and visitors alike have a complete and digital experience while visiting a smart app has been created. The app allows users to gain access to useful content and information about the various monuments around the park, an audio guide in several languages, multiple videos, and tours to explore as well as a rich photo gallery to take with you.
