MISTERPLAN DESTINATIONS

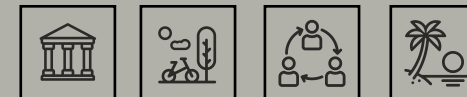

A comprehensive solution for the management and commercialisation of municipalities and tourist destinations, which includes:

- **A public tourist attraction management system.** Online sales, ticketing system and access control. Ideal for museums, visitor centres, events, workshops and more.
- System for the incorporation and online offer of private tourism products. This allows the creation of a marketplace where private companies can sell their products online
- **A marketing system for tour operators and travel agencies** to register and purchase tourism products from the city or destination
- **Software to create and manage city-card packages and solutions** with access to a range of tourism products (including online sales)
