## MUSEUM'S VOICE. UNIVERSAL ART

**Museum's Voice** is an inclusive web service **to bring art and cultural heritage to everyone** through the best combination of tactile-visual works, 3D models, maps, digital information and its interpretation in text, audio, sign language and/or easy read format.

- Consultancy to create accessible exhibitions
- Easy to access and share via a QR code or link, with no need for an app
- Universal accessibility: access to information in text, audio, sign language and/or easy read format
- Routing in exhibitions
- Multiple different combinations of content with tactile-visual maps and 3D designs
- Available in up to 14 languages
- Usage statistics and data interpretation
- Compatible with any device (Android and iOS)
- Facilitates the achievement of the 2030 Sustainable Development Goals
- Updates in real-time.

With Museum's Voice, it is possible to find other ways to share cultural heritage and encourage everybody to visit independently, drawing attention to details and improving the quality of user experiences.

Scope of smart destination application
