

that we are taking these issues into account more and more (up 9 points). The first public forum on sustainable tourism was held in May 2021, gathering 115 attendees. Over 780 ideas were put forward by residents, associations, institutions, elected representatives and professionals from the tourism sector. Focus groups are now meeting to propose a long-term sustainable tourism strategy regarding leisure activities, business travel and local tourism.

Go sustainable, GoGreen; Copenhagen:

GoGreen Denmark is a business network for companies that take a social responsibility in terms of providing and promoting sustainability. All the companies and brands involved with GoGreen live up to high sustainability criteria, which are defined according to the products and service they provide. With GoGreens new sustainability App – GoGreen Guide – tourists and locals can easily find their way to sustainable products and services. To help organizers and businesses host more sustainable large conferences, meetings and events in Copenhagen, Wonderful Copenhagen has developed a digital Sustainability Guide.

Helsingborg as a self-marketing destination; Helsingborg: Helsingborg as a self-marketing destination is a project aiming to develop a sustainable tourist destination with the hospitality

industry playing a vital role. The project is a collaboration between eleven municipalities in the region which aim to create a destination filled with ambassadors. This involves cooperation with the hospitality industry to develop a strategy for the region to become a sustainable tourist destination. Self-marketing requires engagement and pride from the local hospitality companies and also requires improved knowledge about the region. The municipalities and the hospitality industry therefore agreed on three key aims for the project: 1. A destination filled with ambassadors, 2. A destination that is balanced, 3. An innovative destination.

Producer markets by locals; Izmir: The Metropolitan area of Izmir has established producer markets and is involving the local people to bring both the producer and the consumer directly together. Markets of that kind include Pagos Producer's Market, Alaçatı Herb Festival, Sığacık Market etc. These markets are determined as a part of the 'farm to fork' approach and play a role in expanding cultural traditions.

4.2.1.5 Sustainable events; Bordeaux; Aarhus; Copenhagen; Genoa; Maribor

A city for environmental-friendly events; Bordeaux: The BCB helps event organisers create a positive impact on the environment (carbon footprint calculation, reduction, and compensation), on society (partnerships proposed with a panel of 35 local associations) and on the economy (working with our ambassadors to attract conventions relating to our local areas of expertise). In 2021, 9 conventions are being planned (51,850 convention days, generating an estimated €15 million local profit), thanks to the ambassadors of 'Le Club des Ambassadeurs de Bordeaux' (350 members). Finally, a local measure was enacted in 2018 to regulate the phenomenon of collaborative platforms (a maximum of 120 days per year for private rental, compulsory online declaration), spreading the presence of tourists across the territory and reducing the strains on real estate. 726 accounts were closed between 2018 and 2019.
