

Assisting beachgoers to get to their destination; San Sebastian: La Concha beach offers an assisted bathing service for the elder or for people with a disability who want to experience the joys of going into the sea. In addition, the beach comes with an audio guide that helps visitors get to know the beach through an aural medium.

Bringing accessibility up to a standard; València: As a participant in the MITOMED beach project, València is constantly striving to excel in delivering a sustainable and accessible experience on its beaches. As a result, the beaches have been equipped with walkways and accessibility features which are measured and constantly updated in line with the best practices to accommodate everyone wishing to enjoy a day at the beach.

4.1.1.5 Diversity & Accessibility; Aarhus

LGBTQ+ friendly, Aarhus: Accessibility is also about inclusion and Aarhus' city council has a strong focus on making Aarhus a better and more attractive city and a better and more attractive workplace for LGBTQ+ persons. As part of its commitment to LGBTQ+ community, Aarhus is member Rainbow Cities Network, actively working to improve conditions for LGBTQ+ citizen. Aarhus also hosts 'KØN – Gender Museum Denmark' presenting the cultural history between genders, equality, body, and sexuality.
